

CONSUMPTION CURE FOUND IN ONIONS.

New York, March 20—Bermuda advises state that a London man has contracted for 200,000 bushels of onions, two-thirds of the total crop. The grower will realize \$1 a crate. It is said this large purchase of onions has been made solely for use as a consumption cure. The onions are said to contain the proper medical properties.

INDIANA MAN BEATS HIMSELF IN SLEEP.

Rushville, Ind., March 20.—"I'm a somnambulist. I woke up a few minutes ago and found myself under the bed, pounding myself in the face and hammering my head against the wall," said J. Kirkpatrick, whose face, hands and legs were covered with cuts and bruises, to a hotel clerk at 1 o'clock this morning.

OPERATORS MEET MINERS

CHASED BY TWO OTHER WOMEN,

Mrs. Stutz Sought Refuge in Her Own Home.

THEY HAD CAUGHT HER WITH MECK, SAID THE WITNESS WHO HORSEWHIPPED THE EX- PROSECUTOR.

Upper Sandusky, Ohio, March 20.—A crowded courtroom this afternoon heard Herman E. Stutz, the plaintiff in the suit for \$15,000 damages against ex-Prosecutor Benjamin Meek, tell of the night he came home from a trip and sat in the front room of his home until Mrs. Stutz bounded in. She slammed the door, and before he had time to inquire what was up he heard a rap. Opening the door, Mrs. Meek, the defendant's wife, and Mrs. Lulu Kail, daughter of Judge Allen Smalley, entered. They stated that they had found Mrs. Stutz in Meek's office, and had chased her home.

The witness stated that he went with his wife to the Meek home. When they had entered Mrs. Meek made for Mrs. Stutz, exclaiming, "You've been with my husband." Grabbing her she tore her hair, but with Mr. Meek's assistance, the witness separated the women. Mrs. Stutz, witness said, denied that she had been with Mr. Meek, who said no attention should be paid to his wife, as she was crazy. Thereupon Mrs. Meek sent for Mrs. Kail, who lived next door, and Mrs. Kail said, "You need not deny that you were

GROUNDHOG

Has More Than Vin- dicted Himself

WEATHERMAN MAY SCOFF BUT
WOODCHUCK WAS A GOOD
PROPHET—SAID SIX WEEKS
WINTER AND SIX WEEKS
THERE WERE.

(Wapakoneta News)
Monsieur le Groundhog is vindicated.

On Feb. 2 he came out of his hole, saw his shadow and scurried back. That little act was a prophecy, or as Monsieur le Groundhog would say, a prediction, that winter would last six weeks longer.

That was six weeks ago Saturday, and it is unnecessary to say that gentle spring has been given a serious setback.

Wapakoneta is now in the grip of the worst storm of the season—one of those storms in which it is hard to say whether the greatest discomfort exists under foot or overhead. The temperature, however, has remained comparatively mild. The mercury has hugged the freezing point the greater part of the time and only once has it dropped below 15 degrees. Still, there is no doubt about the weather being of the brand labeled "winter," and dealt out in wholesome quantities.

Monsieur le Groundhog said there would be six weeks more of winter. Absurd! We of the weather bureau don't take any stock in Monsieur le Groundhog and we advise the public to put no trust in him. His prophecy is a mere tradition.

All Monsieur le Groundhog had to say when he heard his rival prophet's denunciation was:

"I'll show you, Monsieur le Weatherman. You say it will be warm—yes, in Panama. You say it will be cold, yes—in Greenland. I say there will be six weeks more of winter. Wait and see."

Mr. and Mrs. A. T. Watts and Mrs. Mary Littleton of Van Wert were guests of Mr. and Mrs. Otto Gair Tague yesterday and today.

• KING FIRE-EATER
BURNED TO DEATH.
• Juneau, Alaska, March 20.—The Louvre theater, owned by O. W. Ashe, burned last night. John Henry, doing an act on the stage as the king of fire-eaters, was overcome by smoke in trying to save his effects and was burned to death. Several female performers also were burned.

with Mr. Meek in his office, for we caught you and chased you home."

The counsel for the plaintiff then scored their best point by introducing the story of the horsewhipping, which the plaintiff administered to the defendant as the outgrowth of the alleged episode. Stutz told of Meek telephoning to his home in quest of his wife, but when he answered Meek would explain that he had the wrong number. He told of the alleged efforts on Meek's part to engage seats near his wife in the theater, and that he caught them together once on a Hocking Valley train; that she was wearing on this occasion a new coat which, the witness alleged, Meek bought for her.

Frank Gear, son of ex-Senator Gear, who conducted a dancing academy in a hall in the Meek Block, told of an ante-room with a sofa in it, and that he found an overcoat on it. He saw Mrs. Meek and Mrs. Kail in the hallway, and later heard a noise. He saw Mrs. Stutz hurrying down the stairway followed by Mrs. Meek and Mrs. Kail.

The case is being heard by agreement before Judge Duncan, of the Findlay district. The jury consists almost wholly of farmers.

The statements to the jury were brief, the plaintiff stating that they would prove that Meek had not only often met Mrs. Stutz at his office, in his own block, but had met her in the prosecutor's office, in the courthouse, also on side streets. Meek's attorney stated that they would prove that the suit was a hold-up to injure Meek's candidacy for Common Pleas Judge.

Mrs. Stutz slipped into town quietly this evening and, it is said, will be called to the witness stand tomorrow.

BIG OHIO WELL.

Bellville, Ohio, March 20.—The Reed well located in the Butler oil fields, came in today with a 250-barrel flow of clear yellow oil. The same was struck Sunday at a depth of 2,560 feet, and operations were closed down until Monday. Three more wells are due this week in the same field.

COMPANY C OF LIMA

With the Remainder Of the Ohio National Guard May Encamp on Seaboard

President Roosevelt Plans For National Encampment

President Roosevelt has plans for the mobilization of all the troops belonging to the National Guard, at a point along the seaboard, the coming summer. Company C, of this city, would doubtless not be averse to such a condition.

Which coast the citizen soldiers will be massed on has not been decided but there is strong talk of the Atlantic coast and the majority of the troops are nearer this coast than the Pacific though the western coast offers several advantages over the eastern.

The plan as it has been outlined by President Roosevelt is to have the guard assembled and participate in war maneuvers which will last several weeks and hold some competitive shooting contests. This mobilization would be to take the place of the annual state encampments and form a pleasant and profitable trip for the guardsmen.

Wonderful strides have been made by the National Guard, which in reality is the nation's reserve army, since the passage of the Dick bill which put the guard under the

control of the secretary of war and subject to the same orders as the regular army. The guard today is governed by the same rules and regulations as the standing army and is equipped from the same source with the same equipment. The progress and the need of a broader experience has caused the president to formulate this plan to hold one big camp of guardsmen and if it goes well the National Guardsmen will probably find themselves in the largest camp they have ever had the privilege of being in next summer, located on either the Atlantic or the Pacific coast, the total National Guardsmen being over 100,000.

In the higher circles of the Ohio National Guard there have been no definite plans laid out for next summer and not a rumor has escaped from the officers who are on the inside as to any local plans which is something very unusual and this silence regarding the next encampment is taken by many of the interested officers to mean that there is something doing and that something is the president's plan.

OHIO AND MUCH DAMAGE WAS
DONE.

MANY ROOFS WERE DAMAGED
ABOUT THE CITY AND ARE IN
A LEAKY CONDITION.

Probably the greatest damage on account of yesterday's heavy snow fall is to the roofs in the business section of the city. The heavy weight has caused numerous leaks and no little loss as the result of the influx of water has been occasioned.

The railroads today are in good shape and trains are all running on time.

SNOW PLOWS

Tried to Keep the New York Flyer
on Schedule.

Bucyrus, Ohio, March 20.—The heaviest snow in years has delayed trains, blocked country roads, stopped rural delivery routes and demoralized the interurban schedule. The Pennsylvania has kept snow plow on the track to keep passenger trains moving and made a herculean effort to keep the New York Flyer near the schedule. It was 20 minutes late at Bucyrus.

Trains Snowbound.
Ducatur, Ill., March 20.—With 15 inches of snow on the level, a Cincinnati, Hamilton & Dayton passenger train was stalled in snowdrifts east of Ducatur. The train was snowbound for several hours. Farmers carried food to the passengers. All trains are delayed.

THINK

THE CROSSING IS HOODOOED AS THE THIRD WRECK HAS OC- CURRED AT THE SAME POINT IN LESS THAN A YEAR.

(St. Marys Leader.)

Brakeman J. H. Rowe, Jr., who was caught in the L. E. & W. wreck at the south Main street crossing Saturday, is reported to be getting along nicely, and it is thought that he will fully recover. He remained unconscious for quite a while, and it was feared that the internal injuries were sufficient to cause his death.

That south Main street crossing of the L. E. & W. is getting quite a reputation for collisions and wrecks.

This is the third wreck in less than a year, and the people of the vicinity are beginning to think the crossing is hoodooed. It required nearly the whole of the afternoon Saturday to clear away the debris and the passenger train from the west was transferred to the tracks of the Ohio Central.

Commission Proposed to Study the
Tax Problem and Report—Prohibition
Amendment Resolution Offered
in the House—Gills Lost in
the Senate—Legislative Matters.

Columbus, O., March 20.—Two bills were defeated in the senate, one by Mr. Schmidt, exempting witnesses in legislative investigations from prosecution where they give incriminating evidence, 17 to 11; and the other by Mr. Pollock, to amend the law in reference to display of the flag on school-houses by adding penalty of \$5.

The senate passed the West Senate bill to provide for the relief of Nellie Bullard, an attendant at the Toledo State hospital, who was injured by an inmate. The bill gives her \$2,000.

New senate bills: Mr. Huffman, to regulate the manufacture and sale of renovated butter, requiring the same to be labeled; Mr. Ward, to define the duties of county recorders, forbidding them to make or allow any erasure or change after document is filed; Mr. Sites, to provide for medical examinations and transcript of examination when youths are committed to Boys' Industrial school; Mr. Rose, to change minimum tax duplicate for special school district from \$100,000 to \$50,000.

Representative O'Rourke of Lucas offered a resolution proposing a constitutional amendment prohibiting the manufacture and sale of intoxicating liquor in Ohio. Mr. Wertz of Wayne offered another requesting the inspector of workshops and factories to report the condition of some benevolent institutions as to fire protection, together with recommendation as to what course should be pursued to ameliorate the same.

Representative Whitney offered a resolution providing for the appointment of a commission to investigate the question of taxation in Ohio, to be composed of five persons to be appointed by the governor. Wertz of Wayne fosters a resolution proposing an amendment to the constitution so that three Democrats may be given seats on the supreme bench, thus nonpartisanizing the court.

Representative Freiner introduced a bill to regulate the rates and charges of express companies for the transportation of express matter, except money, on steam railroads.

Bills introduced in the house: Mr. Crawford of Athens, amending the county commissioners' salary law and fixing the minimum at \$1,000; Mr. Stephenson of Brown, to authorize county treasurers to establish stations for receipt of taxes; Mr. Sawicki of Cuyahoga, prohibiting use of prefix "The" and suffix "Company" jointly unless the concern is incorporated; Mr. Winters of Erie, providing for physical training in schools in villages of population of 1,800 or more and which have a tax duplicate of \$25,000; Mr. Whitney of Franklin, to pay \$7,672.75 expenses Ohio National Guard, Springfield riots; Mr. Irvin of Meigs, to abolish the office of county infirmary directors and providing for appointment of bipartisan county infirmary boards; Mr. Irvin of Preble, for the appointment of an unalarmed bipartisan commission of three members to build a official residence for the governor to cost \$30,000.

Members Roberts and Metzger of Cuyahoga had a little mixup in the floor of the house before the bill was introduced. In a recent interview Mr. Roberts expressed his disgust with his Democratic colleagues for failure to support reform and temperance measures. He went on to say he sometimes had been tempted to resign his seat. With a copy of this interview in his hand Metzger strode up to Roberts, asked him if it was correct and made a disparaging remark. Roberts slapped his colleague, but before any more blows were struck the sergeant-at-arms and friends intervened.

Frothed Eggs with Ham Toast.

For six or eight slices of toast take

one cup of milk, two eggs, two table-

spoons of flour, and one tablespoon

of butter. Mix the flour and but-

ter, add milk and let boil until thick.

Stir in the well-beaten yolks and let

come to a boil. Put in stiffly beaten

whites. Pour over toast which has

been spread with finely chopped
boiled ham and serve at once. This
mixture may be used as a sauce
without the ham, and is very nice
indeed.Spoon Corn Bread—Scald four
and one-half cups of meal with two
cups of boiling water. Add two
well-beaten eggs, two cups of but-
termilk, one level teaspoon of soda
and one teaspoon of salt. Melt one
tablespoon of lard and add last,
bake slowly in a pudding dish and
serve hot. A little cold boiled rice
makes it lighter. If the batter
seems a little thin, a little more meal
may be added.Oyster Salad—Use one quart of
oysters to one and one-half pints
celery cut into small pieces. Scald
the oysters in their own liquor;
skin and drain. Cut each oyster
into two or three pieces. When
cold season with salt and pepper.
Just before serving mix with the
celery and mayonnaise salad dressing,
reserving enough of the dressing
to spread over the top.Jerusalem Pudding—Chop one-
quarter pound of dates and cover
with orange juice. Whip one pint
of cream. Cover one-third box of
gelatin with one-half cup cold
water and soak half an hour. Put
cream in pan and keep cold. Mix
one cup of cold boiled rice, one cup
of sugar, one teaspoon of vanilla
with dates. Put the gelatin over
hot water until dissolved and then
stir all these ingredients into the
cream and turn into a mold for two
or three hours. Serve with the
whipped cream, dusted with finely
chopped blanched almonds.

**FIRST CHRISTIAN CHURCH
EVANGELISTIC SERVICES.**

A very interesting and impressive service was held at the First Christian Church last evening, notwithstanding the very unfavorable conditions. This evening at 7:30 the Evangelist, Mr. Yantis, will speak on the subject, "The Stranger at the Door." All are cordially invited to hear him speak and sing the gospel.

SEQUEL TO DRAKE INQUIRY

Witness Herrick Now Admits Signatures Are Genuine—Indictments Against Ice Men and Bridge Companies—Wreck on the Baltimore & Ohio—Intelligence of Buckeye dom.

Cincinnati, O., March 20.—Former Representative D. R. Herrick requested the senate investigating committee to change the record of his testimony insofar as it made him suggest that a letter from him to the county commissioners in regard to a turnpike sale had been forged. Mr. Herrick says:

"When you read to me what purported to be a letter signed by me offering to sell the Muddy Creek turnpike to the county at \$2,000 per mile, I testified that I had no recollection of signing the letter. I have since shown a photographic copy of same, showing my signature and that of H. Herrick, secretary of the company. I now say that both signatures are genuine."

County Prosecutor Hiram Rullison issued subpoena for all of the Cincinnati bankers who have had custody of county funds to appear before the grand jury Wednesday and produce their books. The bankers are directed to produce statements showing all deposits and withdrawals of county funds from their banks, with amounts and dates.

Ice Men Indicted.

Toledo, O., March 20.—The special business men's grand jury returned in dictum against five of the largest ice companies doing business here. They are charged with entering into a combination to advance the price of ice. Indictments were also returned against the Virginia Bridge company, the Brackett Bridge company, the West Virginia Bridge and Construction company, the Newcastle Bridge company and the Massillon Bridge company for conspiracy to defraud the county of money in construction of bridges.

Laundrymen Meet.

Columbus, O., March 20.—The seventh annual convention of the Ohio Laundrymen's association met at the Grand Southern hotel for a two days' session, with about 300 delegates present. The object of the convention is to promote interest in the state association and to discuss new methods.

No effort is made by the delegates to establish a uniform price list for work done. That is considered a purely local matter.

McCleery a Candidate.

Lancaster, O., March 20.—Ex-Common Pleas Judge Charles W. McCleery announced his candidacy for circuit judge in the Fifth district, to succeed Maurice H. Donahue of New Lexington. Judge McCleery will have the endorsement of the Fairfield County Bar association and the Lancaster Republican club. The convention will be held in Newark April 21.

OIL NEWS

The production has fallen behind
consumption of Eastern oil, that is
Penn., Ohio and Indiana oil, 992
thousand barrels in January and
February. Two years more at the
rate of reduction of 5% as last year
will wipe out all Eastern oil. And the
Western stuff is a poor substitute.

The Standard has just raised the
price of gasoline a half cent a gallon.
The oil producer is hoping Ragland
oil, a Kentucky product, lately got a
5 cent raise.

Texas and Louisiana oil is running
nearly two million a month behind
the consumption. Prices are stiffening
a little in consequence.

A new pool has been opened a few
miles northwest of Portland, Ind.
giving a little taste of the old times
to the lucky find in the neighbor-
hood.

Casey, Ill., field is shut down be-
cause of the mud. Coal to finish a
few wells that had to be completed
cost \$14 a ton. Glycerine wagons
don't go often but when they must
go they take three teams and two
drivers. Many wells are drilled into
the sand and waiting the shooter
who isn't even on the way. There
is no bottom to the roads. Tools are
idle on cars and can't be moved. The
oil promises to make this tie up
last six weeks yet. All the same the
oil men will stay with it as long as
the oil lasts. Board is \$10 a week
and hunt your own bed. There's a
chance for a diversion until the dry
roads come.

John D. is still dodging. The
spectacle of the richest man in the
world dodging the deputies reaches
all the way from the comic to the
serious. In one way it is enjoyable,
in another a sad confession of cul-
pability. And suicide is confession
Don't.

The Butler, Richland County, field
has another well, just drilled in by
the Ohio Oil Co. It starts out about
like the first one, at 80 barrels. The
old well is still making about 25 barrels.

The Oil City Derrick is inclin-
ed to doubt the finding of any big
pool, as in all the old fields such
freaks have been found, but the
never did much for the field, al-
though a whole lot for their owners.

The oil is said to be about 30 per
cent pure, and sells at \$1.95.

By the way, these wells are only
about 8 miles away from the old
home farm where our venerable fel-
low citizen, George Craig was raised.
The family still owns it. And George
may be an oil magnate yet.

It would, after all, take a good
many of John D.'s dollars to induce
the oil men to take his place as
a fugitive from the court's summons

THE REVIVAL AT TRINITY METHODIST CHURCH.

Sunday was a great day at Trinity. A large audience listened to the eloquent address of Dr. Mason, and then made the largest subscription to Southern Education in the history of the church.

In the Sunday school Dr. Avann conducted the quarterly review and then called for decisions for Christ. Thirty-eight of the children and young people responded.

In the evening Dr. Avann was indisposed and the Rev. M. W. Bowditch preached. Three persons were received on probation in the church, and two into full membership. They were all adults.

The meeting last night was one of the best thus far. The sermon was on "The Expulsive power and the impelling power of love." A number of new voices were heard in the testimony meeting that followed.

One of the most encouraging features was the number of young men present.

The pastor has had a thousand invitation cards addressed to men printed and circulated. The card calls upon men of the church to make sure that they are right themselves with God, and adds "A surrendered Life and a Spirit Filled Life, Will Cause all Our Influence to Converge in Him." The card assures men outside of the church of a hearty welcome.

The meeting begins tonight at 7:30. There will be a sermon and Mrs. Eberole will sing.

Itching of the skin, horrible plague most everybody afflicted in one way or another. Only one safe never failing cure — Doan's Ointment. At any drug store, 50 cents.

TO THE PUBLIC.

Concerning the recent strike of the electric workers in Toledo, Local 32, J. B. E. W., wish to make the following correction:

Concerning the statements of Mr. J. J. McCarty of the Central Union Telephone company, as to a second or a motion for a higher wage scale, the minutes of the meeting show no such motion being made.

Moreover the local union wishes to do it ever having had a conference with Mr. McCarty, whatever, concerning a wage scale in this city.

Through a misrepresentation of the Central Union Telephone company of this city the construction men went to Toledo but being in sympathy with the brother workers of that city refused to go to work and the entire force returned home, part of whom were discharged for refusing to scab the union men of Toledo.

Roof Collapsed.

Indianapolis Ind., March 20.—The roof of the streetcar barns collapsed under the weight of the heavy snowfall. One man was killed and several were seriously injured. John A. Dickson, a mormon, living at 402 West Walnut street, was crushed beneath the timbers. He was dead when found. Louis Debrun, a steamfitter, was badly hurt by being crushed. The others received minor injuries.

Died of Hydrophobia.

Owingsville, Ky., March 20.—George Wells, 14, died of hydrophobia as a result of being bitten six years ago by a mad dog. Wells developed hydrophobia last week. Wells is the third person who died from bites inflicted by the same dog. Henry Vaughn was bitten before Wells, and developed hydrophobia, dying a few days later. George McStevens was bitten and also died.

Succeeds Storer.

Hamilton Sued.
New York, March 20.—Andrew Hamilton, former legislative agent of the New York Life Insurance Company, was served with a summons today after his arrival in this city from Albany, in a suit by the trustees of the New York Life in the supreme court. Announcement that the suit had been brought was made by Keener & Lewis, acting as attorneys for the trustees, but the nature of the action was not made public. It is understood, however, to be a suit for an accounting from Mr. Hamilton of money expended by him under the direction of the late President McColl. The complaint in the case, it was stated, has not yet been completed.

Against Gould Lines.

San Francisco, March 20.—United States Circuit Judge Morrow handed down a decision in the case of the Southern Pacific company against the Western Pacific Railway company, generally known as the Gould lines, which is seeking to obtain terminal facilities on the eastern or Oakland side of San Francisco bay. Every contention of the Southern Pacific company as to rights of way and precedence along the bay shore were sustained by Judge Morrow.

Outlaws Endeavor.

Vineta, I. T., March 19.—A courier who arrived here from Marshal Dartmouth's camp in the Spavinia country says that no trace of the Wickliffe Indian outlaws had been found. It is not believed that the outlaws will attempt to leave the Spavinia country. It affords many places of concealment and the Indians doubtless can remain hidden there for a long time. A heavy rain fell and this will make it more difficult for the posse to follow the trail.

PIANOS, LIKE PEOPLE, HAVE A PERSONALITY

Different Makes Are As Unlike as are the People of Different Nations.

They May be Dressed the Same, But They Speak a Different Language and Possess Different Characteristics.

SOME PIANOS SING-- SOME DO NOT.

One might as well claim that all persons or all people are alike as to claim, as they often do, that there is not much, if any, difference in pianos. Pianos have disposition like humanity. Musicians will tell you this. Piano tuners will say the same.

Some pianos are always agreeable, always entertaining, always ready for all demands, always healthy. You have heard the other pianos—the disagreeable and unhealthy ones, the consumptive pianos, doomed to a short life and early obscurity, complaining in every tone of their inherited ills, and painful existence. Which do you want in your home?

Can our long piano experience assist you? We know the lifetime pianos—and know they are the cheapest in final result.

Do not crowd the price of your piano purchase below the danger point of quality.

IDENTIFIES THE TRAMP BROUGHT HERE FROM LEIPSIC YESTERDAY AFTERNOON.

HARRY McDONALD, WHO ANSWERED THE DESCRIPTION IN A GENERAL WAY, ARRESTED IN OTTAWA, WAS DISMISSED.

Harry McDonald, the man arrested at Ottawa, supposed to be the man who assaulted the twelve year old son of W. D. Clapper, of north Jefferson street, Sunday afternoon, and who answered the description of the guilty party in a general way, was not the right man and was dismissed.

The man arrested at Lepisic, giving the name of Michael Murphy, was brought to this city late yesterday afternoon and was identified by the boy. The prisoner, who is an illiterate looking chap, denies the charge.

The prisoner was arraigned this afternoon before Mayor Robb and to the charge of sodomy pleaded not guilty and was bound over to the grand jury in the sum of five hundred dollars.

Mayor Robb incidentally remarked after the hearing that the offense was one that death should be the penalty.
